Keila Braden

PRODUCT DESIGNER

KEILABRADEN@GMAIL.COM | WWW.KEILABRADEN.COM | /IN/KEILABRADEN

EXPERIENCE

Product Designer | Capstone Project REDDIT
Jan 2026 - Aug 2026

Designed and prototyped a new Reddit experience to increase user retention and community belonging, leading 8 user interviews and usability testing sessions to shape product direction, **now engineering the concept** into a functioning developer tool on Reddit's Devvit platform

UX Writing Apprentice CASA AREYTO
Sep 2024 - Nov 2024

Created the organization's **first content style guide** and voice/tone guidelines for microcopy, working with cross-functional design and development teams to ensure culturally sensitive communication aligned with its mission to restore the Indigenous Taíno language

UX Design Apprentice BADDIES IN TECH
May 2024 - Aug 2024

Spearheaded UX strategy and roadmap for a non-profit empowering women of color in tech careers, designing user flows and wireframes for early MVP features and conducting heuristic evaluations in a fast-paced agile environment to **impact 11,000 users**.

EDUCATION

Master of Human-Computer Interaction and Design
University of Washington
Aug 2025 - Aug 2026

B.S. Computer Science with Business Applications
University of California, Riverside
Sep 2018 - Aug 2022

LEADERSHIP

Design @ UCR
Sep 2021 - Sep 2022

Co-founded the first UX-focused student organization on campus. Grew organization to **170+** student members in our first year. Led outreach efforts, design workshops and organized professional networking events with industry professionals.
